TECHNICAL FEST EVENTS

FUGENIZ-9

The programme was conducted on 11 th My2023. Total 22 events coordinated under the leadership of various departments. Total 159 registrations were there. The programme had participation from 7 institutes other than the hosting institute. 27 registrations were from outside SNGCE.

A few major events coordinated were

1. Treasure hunt
2. Music mojo
3. Mensphysique
4. **Hackathon**
5. **Idea Pitching**
6. Bridge Making
7. **Blind Code**
8. Microsoft Azure etc.

Participants were from the institutes such as

1. Model Engineering College, Thrikkakara
2. TKM College, Kollam
3. NSS college Palakkadu
4. Jaibhrath
5. Rajagiri
6. ToCH
7. KMEA

Fugenhack – Fugeniz Hackathon

The fugeniz flagship 24 hackathon from CSE Dept., Sree Narayana Gurukulam College of Engineering was conducted on 10th and 11th May of 2023 in hybrid form (online and offline). The problem statement was to develop an interesting solution to the problem of ‘e-waste’ management using latest technologies, and was announced on 3:00 pm 10th May 2023.

The students were asked to fill a google form detailing their draft ideas and solutions shortly after. The time allotted was from 3:00 pm of 10th May 2023 starting in online mode and on 11th May 2023 from 9:00 am to 3:00 pm in offline mode (Smart Class Room – Main Block).

Registration Fee was Rs. 150 for SNGCE students and Rs. 300 for outside students. 6 Teams registered for the event – of which 2 were spot registrations and 4 were online registrations. 5 Teams actually participated in the event. Teams were:

1. Vox (SNGCE)
2. Castro (TKMS)
3. Qmaric (Toch)
4. Queenbee (SNGCE)
5. Soloranker (NSS Palakkad)

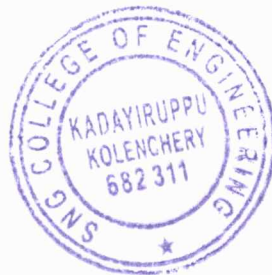

The final projects were judged by a Panel of 4 : Sir Anoop (MCA), Sir Anil (CSE), Justin Jacob (Fugeniz Coordinator) and Govind Sankar (FugenHack Coordinator).

The decisions of the judges was Final and results were as follows:

- 1st Prize - Akarsh Ashok (Team **Soloranker**)
2nd Prize - Naveen Babu (Team **Vox**)

Team Castro received a commendation from the judges for their efforts.

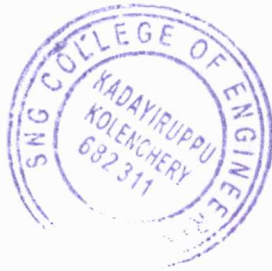

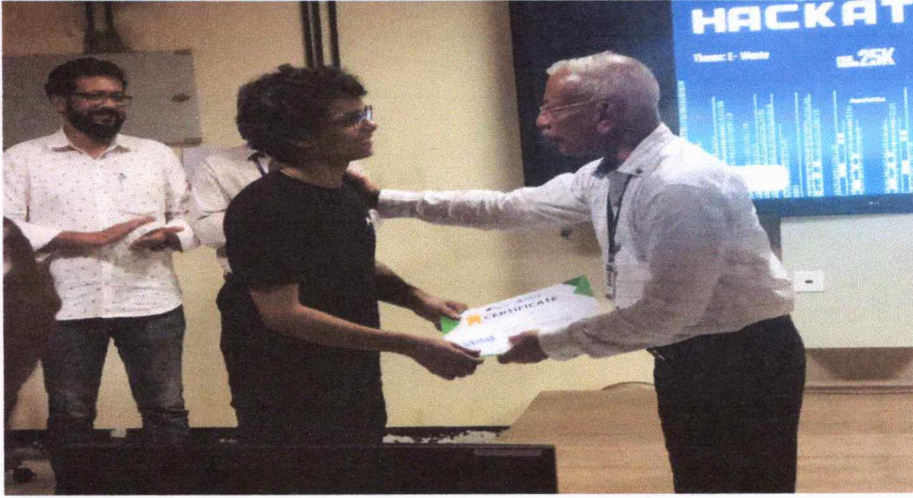

Rs. 10,000 in cheque was awarded as First Prize, and Rs. 5,000 was awarded in cheque as Second Prize. Rs. 1,000 was spent on nourishments for participants.

Code-Mas

Date:27/12/2022

Code-mas is a Python coding competition organized to improve the coding skills of students. The Programme was organized by HIVE, Department of CSE, SNGCE as part of Christmas 2022. The Deadline for code submission was 27/12/2022. The task given is to create a program in python that uses the concept of doodle art algorithms to create a Christmas tree. 21 students submitted code for the task. Among that 2 best code were selected are declared as first and second positions in the competition. A cash prize of Rs.1000 and Rs.500 were given to the first and second positions respectively.

Joel Eldo from R7B CSE and Rivin Jose Melvin of R3B CSE secured the first and second positions.
