

Dear Sir,

Suggestions from my side:

**Vision Statement:**

Vision: To be a globally recognized engineering college dedicated to fostering innovation, nurturing excellence, and producing engineering leaders who drive positive change in the world.

Vision: To empower our students with a holistic education, cutting-edge knowledge, and a strong ethical foundation, enabling them to engineer a sustainable and prosperous future for all.

Vision: To lead the transformation of technology and be at the forefront of engineering education, research, and industry collaboration, shaping the future of innovation.

**Mission Statement:**

Mission: Our mission is to educate, innovate, and transform through world-class engineering education, cutting-edge research, and a commitment to community engagement. We prepare students to be leaders, problem solvers, and responsible global citizens.

Mission: We are dedicated to providing an exceptional engineering education that emphasizes critical thinking, hands-on learning, and ethical values, preparing our graduates for successful careers and lifelong learning.

Mission: We strive to drive innovation, advance technology, and promote sustainability through rigorous research, industry collaboration, and a culture of continuous improvement.

Mission: We are committed to creating an inclusive and diverse environment that fosters the growth of talent from all backgrounds, ensuring equal opportunities for success in engineering.
