

Title	Talk on Sustainable Menstruation
Date	08/12/2022
Venue	PG Seminar Hall
Resource person /Coordinator	Ms. Sandra K Anil, Founder- MENTX
Objective	To promote being mindful of the negative effects of disposing sanitary products have on our environment in efforts to reduce the plastic waste ending up in our oceans or landfills.

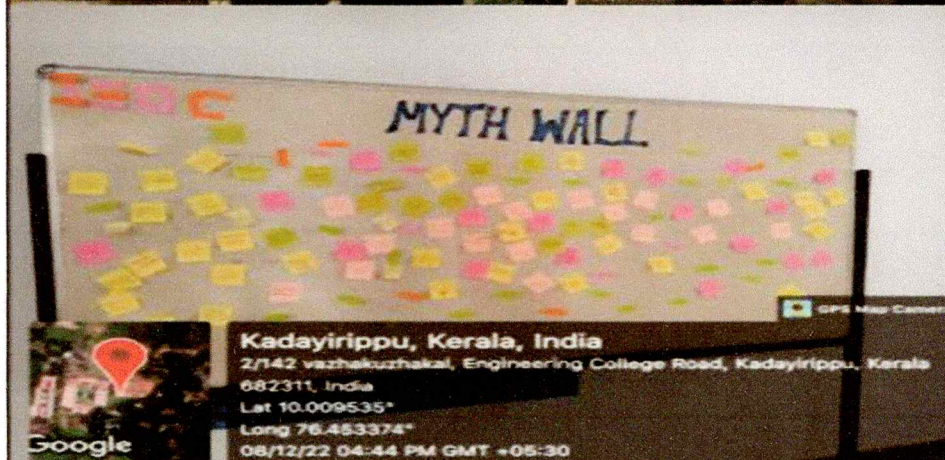

A Session was organised exclusively for women to provide awareness about the negative environment impact of sanitary products due to its non-recyclable nature. Sustainable menstruation entails using menstrual products that are environmentally safe and reusable, generate minimal waste and reduce harm to the environment.

The programme was conducted in collaboration with MENTX and PEESAFE and was handled by Ms. Sandra K Anil, Founder of MENTX. She explained the enabling factors for sustainable menstrual hygiene management practices and how sustainable menstrual products help to reduce solid waste. She added that "Menstrual Hygiene Management should be universally recognised, promoted, and practised as a fundamental to good health, dignity and quality of life"
