

Title	Gender Equity in Engineering Campus
Date	2/04/2018
Venue	P.G. Seminar Hall, SNGCE
Resource person /Coordinator	Dr.Reshmila S
Objective	This Program aims at increasing general sensitivity, understanding and knowledge about gender equality.

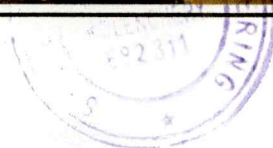

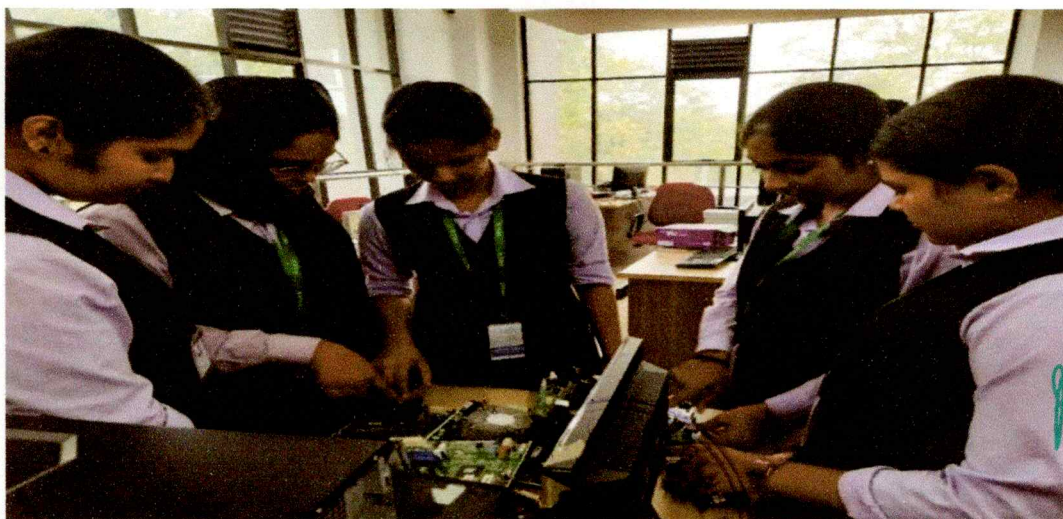

The Women Cell of SNGCE organized a seminar on gender equity in engineering campuses on 2nd April 2018. The program commenced with the formal inauguration by Dr. Saji C B, Principal of SNGCE, followed by a talk by Dr. Reshmila S, Head of the Department of Electrical and Electronics Engineering (EEE) at SNGCE. The seminar on gender equity in engineering campuses, organized by the Women Cell of SNGCE, was a significant step towards promoting gender equality and inclusivity in the field of engineering. Dr. Reshmila S's talk provided valuable insights and recommendations for creating an environment that supports and empowers female students and professionals in the engineering industry.

Title	Computer Assembling Workshop for Girls
Date	24-01-2019
Venue	MCA Lab
Resource person / Coordinator	Dhanya Sukumaran, Asst. Professor, Dept of Computer Applications
Objective	It is aimed to provide a comprehensive understanding of the hardware components that make up a computer

On 24th January 2019, a computer assembling workshop was organized at the MCA Lab, SNGCE by Women Cell. The workshop specifically targeted girls to encourage their participation and interest in hardware-related aspects of computer technology. The session was led by Dhanya Sukumaran, Assistant Professor in the Department of Computer Applications. She provided an overview of the essential hardware components that make up a computer, including the motherboard, processor, memory, storage devices, power supply, and peripherals. She explained the functions and interconnections of each component. The resource person conducted a hands-on session where the participants were guided through the step-by-step process of assembling a computer. The participants were given practical training on identifying and connecting various hardware components correctly.

Title	Women's Day
Date	8/3/2019
Venue	SNGCE
Resource person /	Beena T. Balan
Objective	To provide an inclusive and empowering environment where girls can learn and develop skills related to computer hardware, explore technology careers, build confidence, foster a sense of community, and contribute to bridging the gender and digital divide in the field of technology.

The objective of the Women's Day Computer Assembling Workshop for Girls was to provide an inclusive and empowering environment where girls could learn and develop skills related to computer hardware. The workshop aimed to explore technology careers, build confidence, foster a sense of community, and contribute to bridging the gender and digital divide in the field of technology. As part of the Women's Day celebration, the NSS volunteers of SNGCE organized an orientation program and a marathon on 8th March 2019. The program was named "INDIA RUNS WITH 1 VISION." The marathon was flagged off by Professor Dr. Kemthose P Paul, the Principal of SNGCE.

Title	Self-Défense Training Program
Date	8th March 2019
Venue	SH 5, SNGCE
Resource person /	MCA department
Objective	Objective is to empower them with the skills, knowledge, and mindset needed to protect themselves, navigate challenging situations, and cultivate a sense of confidence and security in their daily lives. It addresses the unique challenges and vulnerabilities faced by girls while promoting a safe and inclusive environment.

The objective of the Self-Defense Training Program was to empower women with the skills, knowledge, and mindset needed to protect themselves, navigate challenging situations, and cultivate a sense of confidence and security in their daily lives. On 8th March 2019, the MCA department organized and conducted a self-defense training program at SH 5, SNGCE. The program aimed to equip women with the necessary skills and knowledge to defend themselves in potentially dangerous situations.
